PROFESSIONAL EXPERIENCE

YE2024 Campaign

Chief AI Strategist

Remote / Cody, WY

Nov 2022 – Present

- Architected the “Donda-OS” neural network, a proprietary LLM fine-tuned on 808s & Heart-break lyrics to generate policy proposals with high emotional resonance.
- Deployed autonomous agents to analyze Twitter/X sentiment, achieving a 400% increase in viral engagement through algorithmic controversy optimization.
- Managed a team of 12 prompt engineers to synthesize campaign visuals using Stable Diffusion, establishing a distinct “brutalist-futurist” aesthetic.

Yeezy Supply

Head of Digital Sovereignty

Calabasas, CA

Jun 2019 – Oct 2022

- Led the migration of the entire supply chain to a private blockchain, ensuring 100% transparency and zero reliance on “traditional” logistics providers.
- Developed “YZY-SHLD”, a bot-mitigation system that used behavioral biometrics to prioritize true fans during limited sneaker drops.

Gap Inc.

Strategic Visionary (Contract)

San Francisco, CA

Jan 2018 – May 2019

- Consulted on the “Perfect Hoodie” project, utilizing computer vision to analyze 10,000 hours of archival footage to determine the mathematically perfect hood drape.

EDUCATION

University of Chicago

PhD in Computational Aesthetics

Chicago, IL

2018

Thesis: “The Life of Pablo as a Stochastic Process: Markov Chains in Modern Hip-Hop”

MIT Media Lab

BS in Media Arts & Sciences

Cambridge, MA

2014

SKILLS

- **AI/ML:** PyTorch, TensorFlow, Hugging Face Transformers, Large Language Model Fine-tuning (LoRA/QLoRA).
- **Languages:** Python, Rust, Solidity, Latin (Intermediate).
- **Tools:** Docker, Kubernetes, Qdrant, Ableton Live.
- **Soft Skills:** Radical Candor, Visionary Thinking, Chaos Management.
